KYIV SCHOOL OF ECONOMICS (KSE)

Excellence in Economics Education and Research

The Kyiv School of Economics (KSE), founded by the Economics Education and Research Consortium (EERC) and the Victor Pinchuk Foundation in 2006, is a world-class academic institution with a reputation for excellence both in Ukraine and internationally. KSE ranks among the top schools in Central and Eastern Europe, producing the future generation of world-class economists. In doing so, it helps to improve the economic, business, and policymaking environments of Ukraine and its neighbouring countries.

KSE Academic Programs

KSE offers internationally recognized **Master's Programs in Business Economics, Financial Economics, Economic Analysis, and International Agricultural Management** taught by international and Western-trained Ukrainian faculty who have strong backgrounds in teaching and research. The programs' curriculums are modeled on the best economic, financial, and business graduate programs in North America and Western Europe. Students are provided with an unrivalled access to the world economics literature and various informational resources. After graduation, students can receive a Master's Degree in Economics from the University of Houston (US).

KSE Research Activities

The Kyiv Economics Institute (KEI) at the Kyiv School of Economics provides advanced economics analysis to many clients and partners around the world. The results of this research are used by governments, business companies, international organizations, and many others.

KSE Outreach Activities

In order to promote economic education and research in the region, KSE organizes and administrates the following outreach activities:

- **EERC Research Network that provides support** for original policy-relevant research through a cycle of semi-annual grant competitions and ad hoc research tenders on specific topics (*more details: www.eerc.ru*)
- **International Student Olympiads in Economics and Finance**
- **International Student Conferences**, which attract students to discuss the most relevant for Ukraine economic issues
- **KSE Open Lectures** that bring well-known economists to Ukraine and serve a platform for policy discussions
